November 2026

Pile of Bones

Published by the Regina ASHRAE Chapter

President's Message

By Dave Samayoa

It's hard to believe we're halfway into November.

I'd like to thank everyone who joined us for our October chapter meeting featuring Dean Clark, founder and CEO of Greenwave Innovations. Dean gave an excellent presentation on **Performance Maintenance Using Energy Monitoring**, showing how building owners and operators can move beyond traditional time-based maintenance programs and use real equipment data to make better decisions. The discussion around energy monitoring, AI-driven analytics, and equipment health provided a fresh perspective on improving reliability, reducing operating costs, and extending the life of building systems.

A big thank you to Dean for sharing his knowledge and experience with our chapter.

For our November meeting, we're excited to welcome Jeremy Bradley, Vice President of Technical Services at Pace Solutions Corp. Jeremy brings more than 30 years of experience in industrial and commercial water treatment and will be presenting **"Water Treatment: Where Chemistry Meets Engineering - Understanding Scale, Microbiological Control & Energy Efficiency."**

Chapter Meeting

Wednesday November 17th

Water Treatment: Where Chemistry Meets Engineering

Where:
Lakeshore Restaurant
1350 23rd Ave Regina, SK

5:00 Arrivals
5:15 Order Dinner
5:30 Supper & Chapter Meeting
6:30 Presentation
7:30 Networking

Presenters:
Jeremey Bradley
Vice President – Technical Services
Pace Solutions Corp

Upcoming Chapter Events

Wednesday December 9th
ASHRAE Regina
Christmas Party
Golden Mile Bowling Lanes

Wednesday January 13th
ASHRAE Chapter Meeting
2025 Code Adoption
Presenter:
Peter Wotherspoon
Chief Codes Administrator for Building
And Technical Standards

Water treatment is often overlooked until something goes wrong, but it plays a critical role in the efficiency, reliability, and longevity of our HVAC and hydronic systems. Jeremy will share practical insights on managing scale, corrosion, microbiological growth, and overall system performance. Whether you're involved in design, operations, maintenance, or commissioning, this should be a valuable presentation with takeaways you can apply immediately.

As we start looking toward the holiday season, don't forget to register for the **ASHRAE Regina Chapter Christmas Party** on **December 9** at Golden Mile Bowling Lanes. It's always a great opportunity to connect with fellow members in a more relaxed setting. We hope to see you there with your spouse or guest.

Thank you for your continued support of the Regina Chapter. I appreciate everyone who attends our meetings, volunteers their time, and helps make our chapter successful. I look forward to seeing you at our November meeting and celebrating another great year together at the Christmas Party.

David Samayoa, Engineer-in-training
President, ASHRAE Regina Chapter

Government Affairs

By Ayo Abiola

Join ASHRAE Regina Government Affairs Committee:

Membership of the Government Affairs Committee is now open to ASHRAE Regina Members. If you are interested in being part of the ASHRAE Regina Governments Affairs Committee, **please send an email to:** Ayo.daniel.abiola@gmail.com with the subject line:
ASHRAE Regina Government Affairs Committee

The committee will meet in early 2027 to plan and conduct the chapter's outreach event to the City of Regina and Saskatchewan Legislative Assembly. You can learn more about outreach events the following link: https://www.ashrae.org/file%20library/about/government%20affairs/grassroots%20advocacy/accomplishments/definition-of-a-government-outreach-event.pdf

Research Promotion

By Tyler Gamble

Happy November everyone!

November is one of our first milestones in the RP Calendar where we ask our BOG Officers and RP chair for donations to ASHRAE's RP campaign by November 15th; also known as Full Circle. Thank you to our BOG Officers, as we successfully achieved our Full Circle requirements.
